

MINNA 2009 Rouge

VILLA MINNA is a 15ha family estate located in the heart of Provence with a north and a south exposition resting on a ground made up of "collines" and "garrigues" and a limestone soil characterized by fossils where the vine fully expresses its aromatic potential.

VILLA MINNA is planted with Syrah, Cabernet Sauvignon, Mourvèdre, Caladoc and Marselan for the red wines, and Vermentino, Roussanne and Marsanne for the whites; the varieties have been selected for optimal quality.

VILLA MINNA subscribes to the "Nutrition Méditerranéenne en Provence" charter and to the **organic agriculture**, a philosophy which has always been part of the way we work. We do not use herbicides, pesticides or chemical fertilizers. The vineyard soil is ploughed "à la charrue". We encourage the auxiliary fauna and natural predators.

We grind up the cuttings after pruning and plough them back into the soil to return the nutrients to the vines. We keep treatments to a strict minimum, giving preference to preventive measures, such as trellising, in order to achieve a large leaf area and good ventilation around the bunches of grapes. Our yields are extremely low at **around 25 hectolitres per hectare**, as a result of close pruning, careful removal of non-fruiting buds and green harvests during the summer, depending on the grape variety and the numbers of bunches.

The grapes are **picked entirely by hand** when each variety has fully ripened, from mid-September for the Syrah through to mid-October for the Cabernet Sauvignon and the Mourvèdre, with strict selection of the bunches which are harvested in crates to avoid them being crushed.

Vinification of the red wines is carried out in small stainless steel tanks (30 to 50 hl) exclusively with the **natural yeasts** present on the grapes. The active stage of fermentation starts after a few days of pre-fermentation maceration. The must is then pumped over every day, but there is no punching down of the pomace cap, to avoid overworking it.

There is then a long maceration in order to extract the phenolic compounds, followed by pressing and the transfer of the wine to barrels, keeping the free-run wine and the press wine separate for each grape variety, for all of the wines.

Maturing takes place in an underground cellar, protected from temperature fluctuations, **in oak barrels on fine lees with regular « bâtonnage » for 24 months.**

This method, which preserves the freshness of the flavours, gives naturally clear wines with great aromatic complexity. The free-run and press wines for each variety are then blended to obtain a harmonious, balanced final wine. The wine is lightly filtered in our cellars before bottling, to preserve all of its personality.

MINNA Rouge is commercialized 5 years after the harvest.

Colour: Red

Vintage Year: 2009

Indication of Country: IGP Bouches du Rhône

Grape Variety :

Syrah 62 %

Cabernet Sauvignon 23%

Mourvèdre 15%

Harvest: mid-September 2009

Bottling: at the estate on July, 2nd 2012

Vineyard Surface Area : 7,64 Ha

Red Grape Variety Surface area: 5,14 Ha

Output : 12,31 Hl/Ha

14% VOL.

Température : 17°C.

Ageing : from 15 to 20 years

Le Guide de la Revue du Vin de France 2014 17/20

« *Deep, of very beautiful balance, with fine tannins, Minna 2009 reveals a magnificent red wine* »

Gault & Millau

Gault & Millau 2014 16,5/20

« [...] flavors of plum, catechu and blackcurrant jam. It is nice offering a evolution of mentholated fine tannins on a fleshy mouth. Persistent elegant of violet. »

Bettane et Desseave 2014 14,5/20

« *a dynamic mouth with a spiced finish finale spiced, perfect to taste with terrines of wild boar* »

Wine Doctor - May 2014 15,5/20

« On the nose it has a **wealth of sweet, dark, spiced fruits**, the scents reminiscent of macerated berries, plum skins and pepper, laced with nuances of coffee and juniper berries too. [...] a **very seductive texture in the mouth, full and concentrated**, and sweet berry fruit. »

Wein-Plus.eu Wein Plus - May 2015 89/100

« *Recht herber Duft nach Sauerkirschen und schwarzen Beeren mit getrocknet-pflanzlichen Nuancen, ein wenig Provencekräutern, einer Spur Kapern und recht deutlicher Mineralik. Fest gewirkte, jugendliche Sauerkirschfrucht, dazu schwarze Beeren, etwas Nuss und Bitterschokolade, feinsandiges Tannin, nachhaltig und kräftig am Gaumen[...]»*
